

DANNY WINS TOP BALLAD

Yet another award for Danny Hooper from his highly successful debut CD, *The Legacy*.

Winner of the 'Ballad' section of the Prestigious ASA (Australian Songwriters Assoc.) Awards in Sydney on Thursday night, August 28th with his own song, *Just thought you'd like to know*. Another great achievement for Danny as the 'Ballad' category is open to all genres of music.

This is Danny's third win at the ASA Awards since 2004, previously taking out the 'Country' section with his song *Up*, and in 2005, winning the 'Spirit of Australia' award with *Dreamland*.

This award is fast recognizing Danny's CD as an 'Album of Award Winners' as nearly all of the 12 tracks have won either songwriting or vocal awards both here and in the US.

Distributed by Onestop Country, this album, *The Legacy* is a must-have and is available at all good Independent stores.
